

ASBMB PRESENTS A

BIOTECH TALK

MARCH 4, 2020

5:00 PM

PSBN 4606

Owl Biomedical, Inc. was founded in 2011 in Santa Barbara to expand the use of its exclusive cell sorting MEMS technology for cell therapy, cancer diagnostics and basic research.

Join us to learn more about their revolutionary product, the MACSQuant Tyto microchip, overall goals, and potential opportunities for students!

Refreshments provided.
